Stain Door & Frame Transparent (gloss)

Transparent weather-resistant stain.

- With UV filter
- Up to 5 years durability
- For outdoor use

Stain Door & Frame Transparent (gloss)

DESCRIPTION

Finess Stain Door & Frame Transparent is a durable, moisture-regulating, water-repellent, glossy transparent stain with UV filter based on white spirit. Provides up to 5 years protection to all woodwork such as windows, doors and facade panelling. Penetrates well into the wood, adheres well and is resistant to weather influences. The colour of the wood and of any transparent wood preservative coatings already present, influences the colour of the final result. Due to the lack of colour pigments, transparent stain is less resistant to UV rays and therefore requires more frequent maintenance.

Finess Beits Deur & Kozijn Transparant is a durable, moisture-regulating, water-repellent, glossy transparent stain with UV filter based on white spirit. Provides up to 5 years protection to all woodwork such as windows, doors and facade panelling. Penetrates well into the wood, adheres well and is resistant to weather influences. The colour of the wood and of any transparent wood preservative coatings already present, influences the colour of the final result. Due to the lack of colour pigments, transparent colourless stain is less resistant to UV rays and therefore requires more frequent maintenance.

Date issued: 29/06/2026
